QuarkXPress 9 continues to put the designer at the center of the creative process, giving designers the power to design for and publish directly to the iPhone®, iPad®, and other digital devices. QuarkXPress 9 is now the easiest, most powerful tool for digital design and publishing.

With the new CorelDRAW Graphics Suite X5, designers have access to a quick, intuitive workflow, high-value digital content, market-leading file compatibility and graphic design tools that let you do more than you thought possible!

QUARKXPRESS 9

BEST CREATIVE DESIGN SOFTWARE OF THE YEAR AWARD WINNER

The MacWorld award-winning design suite has landed at *Printing Industries...*

Join millions of designers - both professional and casual - who have called on QuarkXPress® for more than 25 years to achieve their print design and publishing goals.

With the new App Studio feature, QuarkXPress 9 lets you create a customized app for the iPad, distribute that app through the Apple® App Store, and then create and publish content that your customers can purchase and download from within the app.

Easily take your existing (or new) content and make it available to the millions of eager users of the iPad through the largest application marketplace on the planet!

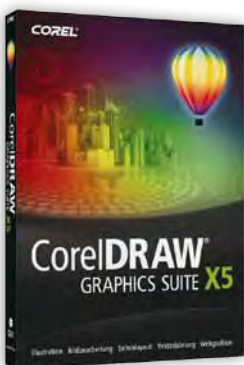

Forget paying thousands for software features that you'll probably never use or even need - make the switch to QuarkXPress and order your copy today!

OFFICE PROFESSIONAL 2010

Microsoft Office Professional 2010 offers flexible and powerful new ways to deliver your best work—at the office, at home, or at school.

Create standout reports and presentations with tools that help you capture your ideas more creatively. Stay connected to your projects, even when you're away from your computer, with access to Office files via Web browser or Windows phone. Work efficiently with others by sharing, editing, and reviewing files at the same time—even across geographical boundaries and time zones.

Microsoft Office Professional 2010 brings together a host of top-of-the-line tools to help you stay organized, connected, and competitive in a busy work environment.

VMWARE FUSION 4 - NEW RELEASE!
WINDOWS IS SIMPLY BETTER ON A MAC!

VMware Fusion 4 has been turbocharged and refined from the inside-out to deliver the easiest, fastest and most reliable experience in running Windows programs on a Mac without rebooting. From the simple installation of Windows to its everyday use, VMware Fusion 4 was designed to give you the ultimate Windows Experience on the Mac.

Run Windows applications just like Mac applications, with seamless copy-and-paste, drag-and-drop, and printing functionality that "just works."

VMware Fusion 4 is designed for OS X Lion. The updated user interface makes working with your Windows applications quicker and easier. Launch Windows applications from LaunchPad, move from Windows to Mac with a single swipe in Mission Control and beautiful high-resolution icons. It just works. VMware Fusion 4 is also compatible with Mac OS X 10.6.7 (Snow Leopard).

VMWARE Fusion 4 Full Version (MAC)

PITSTOP PRO 10

The latest release of PitStop Pro provides an impressive array of editing tools, allowing you to make Global Changes on the fly. Get instant feedback with accurate and detailed preflighting information.

PitStop Pro 10 allows you to edit text, change colours, move, rotate or scale objects. Fixing last-minute problems is now a mere matter of seconds. Even when the problem is more complicated or production oriented, PitStop Pro still has the right tool for the job.

Never doubt the quality of the files you receive or waste time unnecessarily preflighting incoming files again.

Introducing Enfocus PitStop Pro 10 - Available now from *Printing Industries*.
